**K.A.R. 60-11-116. Reinstatement of inactive or lapsed license.** The proposed revision adds the language of inactive license to this regulation that covers reinstatement of a license. Prior to this revision the APRNs did not have the option of an inactive license, only to let their license lapse if not renewed. There is no economic impact difference to an APRN that reinstates an inactive or lapsed license. The cost of reinstatement is the same for a lapsed and an inactive license. There is no economic impact difference to the Board of Nursing for a reinstatement of an inactive vs. a lapsed license. The reinstatement application for an inactive license and a lapsed license is the same application. There is no economic impact on businesses or the general public.

**K.A.R. 60-11-119. Payment of fees.** The proposed revision adds language for fees for an inactive license and renewal of an inactive license. The economic impact of an inactive license for APRNs is a cost of

\$20 vs. a lapsed license has no cost. An inactive license must be renewed every two years for a cost of \$20 and a lapsed license is not renewed. The economic impact to the Board of Nursing is the revenue of the inactive license and renewal of the inactive license. There is no economic impact on business or the general public.

**K.A.R. 60-13-110. Reinstatement of inactive or lapsed authorization.** The proposed regulation adds language of inactive status for a nurse anesthetist authorized to practice in Kansas who wishes to reinstate their authorization to practice. There is no economic impact difference to a nurse anesthetist that reinstates an inactive or lapsed authorization. The cost of reinstatement is the same for a lapsed and an inactive authorization.
