- 2022 NCSBN EO & Attorney Forum is January 25, 2022 in Scottsdale, AZ
- 2022 Midyear Meeting is March 15 – 17, 2022 in St. Louis, MO
- NCSBN Basic Board of Nursing Investigator Training is March 29–31, 2022 in Rosemont, IL
- 2022 NCSBN APRN Roundtable is April 12, 2022 in Rosemont, IL
- 2022 NCSBN Discipline Case Management Conference is May 23–25, 2022 in Milwaukee, WI
- 2022 NCSBN Annual Meeting is August 17-19, 2022 in Chicago, IL

COVID-19 Agency Response:

- 70% of our employees have been teleworking effectively April 2020
- Changes we have made within the agency for safety include:
 - Video intercom installed at agency front door to gain access to the agency for non-employees
 - The number in our lobby should be no more than 2 at a time due to social distancing requirements
 - We are highly recommending the public conduct their business with us via online services, mail, phone call or email
 - If customers need to talk with someone, it is highly recommended they make an appointment so we can service them when they arrive. One person per appointment and no children or other adults are permitted
 - Telephone appointments are also available
 - We NO longer perform fingerprinting services in the agency
- I continue to be proud of the agency staff for their flexibility in these challenging times and their commitment to the mission of the Board
- COVID-19 vaccination has been made available for our staff if they choose
- May 14, 2021 I was notified by Secretary DeAngela Burns-Wallace, Secretary of Administration that the State of Kansas offices will return to normal operation beginning June 13, 2021. Agencies may continue to allow employees to work remotely as approved by the agency head, provided there is no disruption to agency operation.
- I gave the agency staff three options:
 - Traditional: 5 eight-hour days, all in-person in the agency (no teleworking option). This will be required for some positions in the agency that require the position to

work in the agency. This will be required for all new employees while on their probationary period.

- Hybrid: 5 eight-hour days. The employee must work in-person in the agency a minimum of 8 hours a week and can telework the rest of the week. The majority of staff eligible have chosen this option.
- Flex schedule: 4 ten-hour days. The employee must work in-person in the agency (no teleworking option).

Executive Order 21-22:

- Signed by Governor Kelly on April 27, 2021
- States any renewal fees, deadlines, or other requirements extended pursuant to Executive Order 21-09 (and its predecessor orders) shall remain extended until at least 15 days after the licensing authority provides notice to licensees through publication on the agency's website or through other electronic means regularly used by the agency to communicate with the agency's licensees
- Licenses that had/have an expiration date of March 31, 2020 through July 31, 2021 have an expiration date of August 28, 2021. These licenses will be lapsed if not renewed by August 29, 2021. This notice has been placed on our website on May 17, 2021
- There will be NO extensions past this date, and this is clearly stated in the notice on our website.
- If any of these licenses lapse on August 29, 2021, the license will have to be reinstated and the licensee will not be able to work as a nurse until the license has been reinstated
- The required 30 hours of continuing nursing education must be completed at the time of renewal.
- Licensees can continue to renew at the normal expiration date

Nurse Licensure Compact (NLC) Updates:

- As of July 1, 2021, there are now 38 states and one territory (Guam) that have enacted the NLC
- A map is included with this report

Budget:

- Appropriated amounts requested were granted by the Legislature:
 - FY 22: \$3,037,107
 - FY 23: \$2,882,559
- Includes funding in FY 22 for the Enforcement Module and software and hardware updates for the data center
- FY 22 & 23 budget is due to be submitted to Division of the Budget on September 15, 2021

Regulation Revisions:

- Undergraduate nursing program regulations:
 - Requested changes from the Department of Administration were made

- Add implementation date of January 1, 2022 for each regulation
- Notice of public hearing, the proposed regulations and the economic impact statement are attached to this report
- Scheduled to present to Joint Committee on Administrative Rules and Regulations on September 10
- All comments received will be presented to the Board to review and decide whether to adopt or make changes
- If changes are made, the regulations start the process over

Meetings Attended:

- NCSBN Award Ceremony on July 29, 2021 virtually
 - Adrian Guerrero, CPM, Director of Operations received the Meritorious Service Award, which is granted to a member for significant contributions to the mission and vision of NCSBN
- NCSBN Annual Meeting on August 18 – 19, 2021 virtually
 - The news release from NCSBN with the results of the election and new business is attached to this report

Strategic Plan:

- The current strategic plan is from July 2019 through June 2022
- The Board determines the priorities, actions, and metrics for the July 2022 through June 2025
- In the past this was done at a Board retreat

Updates:

- Board member terms:
 - Patricia Zeller, 07-01-2018 to 06-30-2022 (second term)
 - Julianna Rieschick, 07-01-2021 to 06-30-2025 (second term)
 - Rebecca Sander, 07-01-2016 to 06-30-2024 (second term)

 - Giovannie Gone, 7-1-2020 to 6-30-2024 (first term)
 - Lori Owens 7-1/2021 – 6/30/2025 (First term – new LPN board member)
 - Melissa Oropeza 7/1/2021 – 6/30/2025 (First term – new APRN board member)
- Board Member committee assignments: The decision about committee assignment is made after the September meeting by the President and Vice President. You will then be notified via email of your committee assignments for December 2021 – September 2022.
- Agency vacancies (strategic plan, priority 2): RN Investigators, Senior Administrative Assistants for Operations/e-Gov and Administration (Document Imager)

- Monitor fiscal impact of NLC implementation (*strategic plan, priority 2*): Continue to monitor monthly agency financial reports. No decrease in agency fee fund since implementation of NLC on 7/1/19.
- Streamlining agency processes: Every division is continuing to streamline their processes as much as possible, which makes teleworking more productive when the information is electronic.

Projects/Collaboration:

- Assisted with the orientation of Michelle Brown, new Education Secretary
- FY 2020 Annual Report with the new format placed on our website
- Worked with Arthur L. Davis to change the format for the three-year KSBN Strategic Plan. The draft is included in your Board packet for your review.

The mission of the Board of Nursing is to assure the citizens of Kansas safe and competent practice by nurses and mental health technicians

Notice of Public Hearing on Proposed Administrative Regulations

August 9, 2021

A public hearing will be conducted on October 25, 2021 from 10:30 am to 12:30 pm in room 509 of the Landon State Office Building, 900 SW Jackson Street, Topeka, KS 66612 to consider the adoption of proposed changes in ten existing regulations relating to undergraduate nursing education. If the building is not open to the public at the time of the hearing or if any member of the public would prefer to attend electronically, there is an option to join via a toll-free conference call, 1-877-278-8686 (access code: 633337).

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Carol Moreland, Executive Administrator, Kansas State Board of Nursing, 900 SW Jackson St., Suite 1051, Topeka, Kansas 66612 or by email to carol.moreland@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. Phone comments will be taken by calling 1-877-278-8686 (access code: 633337) at the time of the hearing. To provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Jill Simons at (785) 296-5752. The north entrance to the Landon State Office Building is handicapped accessible. Handicapped parking is located at the north end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed regulations and the economic impact follows. A copy of the proposed regulations and associated economic impact statement may be obtained by accessing the Kansas State Board of Nursing website at <https://ksbn.kansas.gov> or by contacting Carol Moreland, Executive Administrator of the Kansas State Board of Nursing, Landon State Office Building, 900 S.W. Jackson, St., Room 1051, Topeka, KS 66612, (785) 296-5752, or carol.moreland@ks.gov prior to the date of the hearing.

K.A.R. 60-1-102 – Approval procedure. Language has been added stating any institution wanting to establish a nursing program shall provide any information that the board requires to establish satisfactory proof that the institution will maintain the standards and curriculum of an approved nursing program and provide courses required for admission to the nursing program. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-1-104 – Definitions. Language has been added for definitions of bilevel program, conditional approval, debriefing, nursing program administrator, one-plus-one program, online or distance learning, PN exit option, program evaluation plan, survey or site visit, and student learning outcomes. The following definitions was stricken: converted nursing education program, distance learning, and work study. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-101 – Requirements for initial approval. Language has been added that states a nursing program administrator shall have oversight of the nursing program. Any applicant with an existing nursing program must submit the following: the nursing program outcomes and any nursing program outcomes not meeting the stated benchmark. If there are any outcomes not meeting the stated benchmark, a new nursing program shall not be approved. During an initial survey, a nursing program evaluation plan that addresses compliance with the nurse practice act and board regulations must be available. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-102 – Reapproval requirements. Language has been changed to state the annual first-time licensure exam pass rates should be at 80%. If the nursing program has an annual pass rate of less than 80 percent for one year, the nursing program shall receive a written notice of concern from the board. If the nursing program has an annual pass rate of less than 80 percent for two consecutive years, the program may receive a survey for evaluation and recommendation and be placed on conditional approval. If the nursing program has an annual pass rate of less than 80 percent for three consecutive years for first-time candidates, the nursing program may be directed by the board to cease admissions. If the nursing program fails to meet the requirements for approval within the designated period of time, the nursing program shall be provided notice stating the deficiencies and the opportunity for a hearing if requested within 60 days from the date of service of the notice. If no hearing is requested timely, the nursing program shall be removed from the list of approved schools. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-103 – Nursing program faculty and preceptor qualifications. Language was stricken from this regulation relating to the nursing program administrator and added to K.A.R. 60-1-104. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-104 – Curriculum requirements. The language was added that each practical nursing program shall provide instruction and clinical learning experience in intravenous fluid therapy, including, at a minimum, didactic, supervised laboratory or supervised clinical practice as specified in K.A.R. 60-16-104. The language for the requirement of a program evaluation plan was stricken as that language was added to K.A.R. 60-1-104. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-105 – Clinical resources. Language was changed to reflect that clinical observational experience must have a maximum of a 1:10 faculty-to-student ratio during the clinical learning experience. Language was added that simulation experiences shall constitute no more than 50 percent of the total hours for the clinical course. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-106 – Educational facilities. Language was added to provide the same services to online or distance learning students as available to in-person students. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-107 – Student policies. Language was added to clarify the nursing program shall have a clearly defined written student policy for the difference between the student role and the employer

role. Language was changed to state the nursing program shall have a written policy providing information to all students regarding licensure disqualifications pursuant to K.S.A. 65-1120 and amendments thereto. This information shall be provided to each student before admission to the nursing program. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-108 – Reports. Language was added for the annual report to include hiring, retention and separation faculty statistics. Language was added to include in the annual report any plans for the future, including proposed changes to the nursing program, the total number of library holdings and number of holdings regarding nursing. Language was added to include in the annual report a list of the theory courses and the clinical courses in the curriculum. Statistics for each clinical course shall be reported that include the following: total number of hours, total number of clinical observation experience hours, total number of precepted hours, and total number of simulation experience hours. Language was added that if a nursing program fails to meet the requirements of the board or to submit required reports within a designated period of time, the nursing program shall be notified and given the opportunity for a hearing regarding the board's intent to remove the nursing program from the list of approved nursing programs. This regulation shall be effective on and after January 1, 2022.

Economic Impact Overview. These regulations may strengthen a nursing program's growth as the student outcomes and ability to pass the licensure exams should increase. An economic effect might be compliance costs to the nursing program to strengthen their curriculum and prepare their faculty better which would result in better student outcomes and the pass rate of their graduates on the licensure exam is 80% or above (an increase from 75% presently). There will be a positive economic impact for businesses and the general public when more graduates pass the licensure exam and enter the workforce. The positive economic impact for the graduates will be that they are better prepared to pass the licensure exam and enter the workforce.

K.A.R. Number(s)

Submit a hard copy of the proposed rule(s) and regulation(s) and any external documents that the proposed rule(s) and regulation(s) would adopt, along with the following to: Division of the Budget
900 SW Jackson, Room 504-N
Topeka, KS 66612

I. Brief description of the proposed rule(s) and regulation(s).

These regulations explain the approval and re-approval process for RN and LPN programs. They also explain the administrator, faculty and preceptor qualifications, curriculum requirements, clinical resources required, educational facilities required, and student policies required. The content of the annual report each nursing program must submit is also explained.

II. Statement by the agency if the rule(s) and regulation(s) is mandated by the federal government and a statement if approach chosen to address the policy issue is different from that utilized by agencies of contiguous states or the federal government. (If the approach is different, then include a statement of why the Kansas rule and regulation proposed is different)

These regulations are not mandated by the federal government. The content of these regulations are similar to the requirements of Boards of Nursing in other states.

III. Agency analysis specifically addressing following:

A. The extent to which the rule(s) and regulation(s) will enhance or restrict business activities and growth;

These regulations will not restrict business activities and growth. These regulations may strengthen a nursing program's growth as the student outcomes and ability to pass the licensure exam should increase.

B. The economic effect, including a detailed quantification of implementation and compliance costs, on the specific businesses, sectors, public utility ratepayers, individuals, and local governments that would be affected by the proposed rule and regulation and on the state economy as a whole;

The only economic effect might be compliance costs to the nursing program to strengthen their curriculum and prepare their faculty better so student outcomes are better and the pass rate of their graduates on the licensure exam is 80% or above (an increase from 75% presently).

C. Businesses that would be directly affected by the proposed rule and regulation;

BSN, ADN and PN programs in the state of Kansas.

D. Benefits of the proposed rule(s) and regulation(s) compared to the costs;

Student outcomes will be better, which will provide for more competent graduates. This will better protect the citizens of Kansas.

E. Measures taken by the agency to minimize the cost and impact of the proposed rule(s) and regulation(s) on business and economic development within the State of Kansas, local government, and individuals;

There was input from nursing programs in the state into these revisions and we evaluated the regulations from other Boards of Nursing in the nation.

F. An estimate, expressed as a total dollar figure, of the total annual implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.

\$This is very difficult to estimate. Most programs will not have any implementation and compliance costs as they already meet these goals. If the program needs to hire more faculty and estimate might be appr. \$60,000 - \$70,000 annually per faculty.

Do the above total implementation and compliance costs exceed \$3.0 million over any two-year period?

YES ☐ NO ☒

Give a detailed statement of the data and methodology used in estimating the above cost estimate.

On the average what a faculty member might be making annually and this varies from program to program.

Prior to the submission or resubmission of the proposed rule(s) and regulation(s), did the agency hold a public hearing if the total implementation and compliance costs exceed \$3.0 million over any two-year period to find that the estimated costs have been accurately determined and are necessary for achieving legislative intent? If applicable, document when the public hearing was held, those in attendance, and any pertinent information from the hearing.

YES ☐ NO ☒

G. If the proposed rule(s) and regulation(s) increases or decreases revenues of cities, counties or school districts, or imposes functions or responsibilities on cities, counties or school districts that will increase expenditures or fiscal liability, describe how the state agency consulted with the League of Kansas Municipalities, Kansas Association of Counties, and/or the Kansas Association of School Boards.

Not applicable

Proposed

- H. Describe how the agency consulted and solicited information from businesses, associations, local governments, state agencies, or institutions and members of the public that may be affected by the proposed rule(s) and regulation(s).**

We had feedback from the program administrators of the nursing programs when these draft regulations were being discussed.

- I. For environmental rule(s) and regulation(s) describe the costs that would likely accrue if the proposed rule(s) and regulation(s) are not adopted, as well as the persons would bear the costs and would be affected by the failure to adopt the rule(s) and regulation(s).**

CHICAGO – The National Council of State Boards of Nursing (NCSBN), www.ncsbn.org, met virtually Aug. 18-19, 2021, to consider pertinent association business with its members. There were 58 member nursing regulatory bodies (MNRBs) represented by delegates.

NCSBN Board of Directors President Jay Douglas, MSM, RN, CSAC, FRE, executive director, Virginia Board of Nursing, noted, "NCSBN's 43rd annual meeting, the second held virtually, provided critical insights into leadership during turbulent times and a reminder that we are more alike than we might think we are. The pandemic, devastating to many, reminds us of the necessity and advantages of global engagement. Delegates demonstrated visionary leadership in the adoption of revised NCSBN Model Act and Rules and the Next Generation NCLEX test design. Both are examples of nursing regulators' attention to the future while continuing to stay focused on the mandate of public protection."

Significant actions approved by the MNRBs include:

- Adopted the proposed revisions to the NCSBN Model Practice Act & Rules, which provide an evidence-based framework of nursing statutes and regulations for nursing regulatory bodies to utilize during policy and advocacy discussions.
- Approved the Next Generation NCLEX® (NGN) test design and polytomous scoring methods
- Elections to the Board of Directors:
 - President-elect, Phyllis Johnson, MSN, RN, FNP-BC, executive director, Mississippi Board of Nursing
 - Treasurer, Adrian Guerrero, CPM, director of operations, Kansas State Board of Nursing
 - Area I Director, Susan VanBeuge, DNP, APRN, FNP-BC, FAANP, board president, Nevada State Board of Nursing
 - Area II Director, Lori Scheidt, MBA-HCM, executive director, Missouri State Board of Nursing
 - Area III Director, Karen C. Lyon, PhD, RN, ACNS, NEA, executive director, Louisiana State Board of Nursing
 - Area IV Director, Karen Evans, MSN, RN-BC, SD-CLTC, CLC, executive director, Maryland Board of Nursing
- NCSBN delegates also elected a member of the Leadership Succession Committee (LSC):
 - Area III Member, Janice Hooper, PhD, RN, FRE, CNE, FAAN, ANEF, lead nursing consultant for education, Texas Board of Nursing

About NCSBN

Empowering and supporting nursing regulators across the world in their mandate to protect the public, NCSBN is an independent, not-for-profit organization. As a global leader in regulatory excellence, NCSBN champions regulatory solutions to borderless health care delivery, agile regulatory systems and nurses practicing to the full scope of their education, experience and expertise. A world leader in test development and administration, NCSBN's NCLEX® Exams are internationally recognized as the preeminent nursing examinations.

NCSBN's membership is comprised of the nursing regulatory bodies (NRBs) in the 50 states, the District of Columbia and four U.S. territories. There are three exam user members and 27 associate members that are either NRBs or empowered regulatory authorities from other countries or territories.

The statements and opinions expressed are those of NCSBN and not individual members.
