

**Agency Mission:** To assure the citizens of Kansas safe and competent practice by nurses and mental health technicians.

**Kansas State Board of Nursing  
Landon State Office Building, Room 560  
Finance and Risk Management Committee Agenda  
June 11, 2025**

**NOTE: The audience may attend in person or via Zoom. Link to access meeting to follow agenda.**

**Time: 8:30 a.m. – 9:00 a.m.**

Committee Members: Andrea Watson, RN, BSN, OCN, CCRP, Chair  
Brenda Sharpe, Public Member, V. Chair  
Adri Gouldsmith, LPN

Staff: Carol Moreland, MSN, RN, Executive Administrator  
Adrian Guerrero, Director of Operations  
Jill Simons, Executive Assistant

- I. Quorum (minimum of 2 members present) – Yes or No
- II. Call to Order
- III. Review Onsite Packets
- IV. Additions/Revisions to Agenda
- V. Announcements
- VI. Approval of Minutes: March 26, 2025
- VII. Unfinished Business
  - 1. Monthly Finance Report Update/Budget Update
  - 2. Overview of FY 25, FY 26 & FY 27
  - 3. Licensure Fee Increase Proposal
  - 4. Combined Statute and Regulation Review Process Proposal
- VIII. New Business
  - a. New Software for Licensing Database
  - b. COOP Planning Committee Changes
- IX. Agenda for September 2025 Committee meeting
- X. Adjourn

**Committee Responsibilities:**

**To review and project budgetary needs to support agency; to maintain a structured system for monitoring impaired licensees; to review and recommend revisions to the impaired assistance program yearly contract.**

Please note: Additional items which have come to the attention of the Board or Committee will be handled as time permits. Agenda is subject to change based upon items to come before the Board.

Handouts or copies of materials brought to the Board or committees for discussion by committee members or visitors must be submitted to staff 30 calendar days prior to start of the meeting. Any items received after the 30<sup>th</sup> calendar day may be addressed at the meeting at the discretion of the President of the Board or Chairperson of the committee.

You are invited to a Zoom webinar!

When: Jun 11, 2025 08:30 AM Central Time (US and Canada)

Topic: Kansas State Board of Nursing - Finance Committee and Risk Management Committee

## Potential License Fee Increase

This document provides some items to consider when planning for fiscal stability of the Kansas State Board of Nursing.

### Questions for consideration:

- **What are the current economic trends for Kansas, KSBN and nurses in Kansas?**

Over the past five years the average change in the Consumer Price Index has resulted in almost 20% inflation from 2020 to 2025. This is compared to around 8.5% from 2015 to 2020. Almost double the rate of inflation for the five-year periods. (Exhibit 1)

- **What is involved in increasing fees as listed in Statutes and Regulations?**

All statutory changes in licensure fee caps must be approved by the legislature and approved by the Governor of Kansas. Changes to regulations to increase fees to be at or below the statutory cap need to be approved by KSBN, Department of Administration, Attorney General and Division of Budget.

- **What is the projected budget shortfall or gap over the next three to five years?**

Based on current economic trends and budget projections, it is estimated that KSBN needs to generate an additional \$400,000 to \$500,000 over the next two to three years to remain financially stable and secure. (Exhibit 2)

- **What is the history of licensure fee increases?**

License fee increases have not been the practice of the Board in the past. When increases have occurred, it has been the practice to make targeted changes as needed. RNs make up about 75% of all the licenses issued by KSBN. LPNs make up about 13%. Renewals make up the majority of both RN and LPN licenses issued each year. (Exhibit 3)

- **Is there a need to increase any fees above to the current statutory cap?**

Analysis of the Fees established by the Kansas State Legislature in [K.S.A. 65-1118](#) (Nurses) and [K.S.A. 65-4208](#) (MHTs) and by the KSBN in K.A.R. [60-4-101](#) (Nurses) and K.A.R. [60-8-101](#) (MHTs) shows that on average KSBN has set Fees at around 82% of the Fee Cap set by the legislature. The median percentage is 92%.

It is noted APRN licensure fees have not changed since 2020, and they are at the statutory application cap of \$50 for initial and \$75 for a reinstatement. Biennial license renewal fee is \$5.00 below the statutory cap. KSBN requires APRNs to have active APRN and RN licenses.

APRNs who have RN licenses issued by KSBN experienced an increase in their multi and single-state licenses in 2019. The scope of practice for NPs, CNSs, CNMs expanded in 2022 to include full practice authority. The scope of practice for CRNAs expanded in 2025 to include prescriptive authority.

- **Based on the last time fees were increased, where are the biggest opportunities for increase that would not require a change in the statutory fee caps defined in [K.S.A. 65-1118](#)?**

The last time Fees were increased was in 2019 when Kansas joined the NLC. This created a new initial multi-state fee structure that was higher than the Single State Fees. (Exhibit 4)

	<b>Fees</b>	<b>Cap</b>
○ Initial RN -		
▪ Multi-State	\$125.00	\$300.00
▪ Single- State	\$100.00	\$150.00
○ Renewals		
▪ RN and LPN Multi-State and Single-State	\$85.00	\$120.00
○ APRNs (all roles) Renewals	\$55.00	\$ 60.00

- **What are the trends of interest in multi-state vs. single-state licenses?**

Since KSBN joined the NLC about one-third of all RNs and LPNs in Kansas have decided to take advantage of the Compact and have a Multi-State Kansas License. There has been a shift of around 10,000 Single-State Licenses to the Multi-State in Kansas.

#### **Possible Options to Consider:**

- Status Quo. No change currently. Continue to evaluate and report back to the Board via the quarterly Finance and Risk Management Committee. Strategically plan the best time to take a statutory cap increase to the Legislature for possible action.
- Licensure Fee Increase Options:
  - Option 1: Increase in multi-state initial RN fees from \$125.00 to \$200. This continues to be below the statutory cap of \$300.00
    - **Revenue Impact:** Based on FY 24 data this could generate \$257,775 in additional revenue (increase from \$131,650 to \$389,425)
  - Option 2. Increase Renewals for both RN and LPN Multi-State and Single-State from \$85.00 to \$90 this too will be well below the \$120.00 Cap
    - **Revenue Impact:** Based on FY 24 data this could generate \$131,650.00 in additional revenue.
  - Option 3: Increase APRN renewals from \$55 to \$60 (statutory cap)
    - **Revenue Impact:** Based on FY 24 data this could generate \$24,057
  - Option 4. A combination of Options 1. 2 & 3.
    - **Revenue Impact:** All three options together based on FY 24 data this could generate \$413,482 in additional revenue.
  - Option 5: Another method

## Combined Statute and Regulation Review

### Current Situation:

- KSBN has established an **internal standard and governance policy** that every five years each of the committees of the Board will oversee the review all the **statutes and regulations** assigned to every committee to assess if there is any need for a revision due to changes in the practice of nursing in the State of Kansas.
- In 2023 the Kansas Legislature established a **statutory system and process** for the comprehensive review of administrative **rules and regulations**. K.S.A. 77-415 establishes a five-year review schedule for all administrative agencies and defines the key elements to be evaluated for the “necessity” and the “potential for revocation.” K.S.A. 77-415 (b)(2) specifically requires the KSBN to report on the necessity and potential opportunity for revocation of all “rules and regulations” every five years starting July 15, 2025.

### Recommendation for combining both processes to streamline and improve the effectiveness of the KSBN statute and regulation review process.

- Pending approval of this revision process proposal, starting in July 2025, the KSBN will integrate and align the **internal standard and governance policy** for statutes and regulations to include the **statutory system and process** on a five-year cycle.
- The Kansas Nurse Practice Act including all the KSBN Statute and Regulation Review will be assigned to at least one committee to be reviewed once every five years.
- Part of these statutes and regulations may be assigned to multiple committees for review based on content
- As needed, a specific statute and regulation can be reviewed more than once in the cycle if requested by the Committee or Board members

### Statute and Regulation Review Implementation Plan

Action Step	Target Date
<b>Phase 1. Initial Planning</b>	6/11/25
Include Combined Statute and Regulation Review Proposal in Board Packet for Board review	
Discussion among Board members regarding revisions that need to be made or approval of the combined review proposal	
<b>Phase 2. Committees Review Proposed Five-Year Workplan Schedule</b>	September 2025
Include KSBN Proposed five-year schedule for each committee in Board Packet and get Board requests for revision or approval	
Committee approval of KSBN Proposed five-year schedule for their own committee	
<b>Phase 3. Train Committee and Board Members on Review Form and plans for the next Calendar Year.</b>	December 2025

1. Include KSBN Proposed Year 1 schedule and sample Forms for each committee in Committee and Board Packets to plan work for next year	
<b>Phase 4. Committees Start Review Statutes and Regulations for Year 1</b>	March 2026 – December 2026
