Room 186 A-N

Dear Representative Hawkins,

During the 2017 Session, HB 2025 that was approved by the Governor states the Board of Nursing shall submit a written report to the senate standing committee on public health and welfare and the house of representatives standing committee on health and human services that includes on an anonymous but individual and itemized basis: the number of individuals who applied for reinstatement of a revoked license during the immediately preceding calendar year; the amount of money charged to each applicant; the number of such reinstatement applications that were granted and denied; and the basis given to deny any such reinstatement application. During calendar year 2017 twenty-six reinstatement applications were received from individuals in which their license had been revoked:

- 11 were approved
- 6 were denied
- 9 are currently being worked by the AAG

I have attached a report that contains anonymous but individual and itemized information that includes the money charged to each applicant, whether approved or denied and violations cited.

If you have further questions please contact me at [REDACTED]. I apologize for the lateness of this report. Since moving into this position on 7/1/17 I was unaware I was to submit this report. There is process in place to ensure this report arrives before the first day of regular session in future years. Thank you for your time.

Respectfully yours,

Carol Moreland MSN, RN
Executive Administrator
