Renewal of license; inactive license, fee; continuing education requirements; rules and regulations; notification of change in name or address or criminal conviction; multi-state license. 

(a) All licenses issued under the provisions of this act, whether initial or renewal, including multi-state licenses under the nurse licensure compact, shall expire every two years. The expiration date shall be established by the rules and regulations of the board. Any licensed nurse may file a multi-state license application together with the prescribed multi-state license fee at any time the nurse holds an active license. The board shall send a notice for renewal of license to every registered professional nurse and licensed practical nurse at least 60 days prior to the expiration date of such person's license. Every person so licensed who desires to renew such license shall file with the board, on or before the date of expiration of such license, a renewal application together with the prescribed biennial renewal fee. Every licensee who is no longer engaged in the active practice of nursing may so state by affidavit and submit such affidavit with the renewal application. An inactive license may be requested along with payment of a fee which shall be fixed by rules and regulations of the board. Except for the first renewal for a license that expires within 30 months following licensure examination or for renewal of a license that expires within the first nine months following licensure by reinstatement or endorsement, every licensee with an active nursing license shall submit with the renewal application evidence of satisfactory completion of a program of continuing nursing education required by the board. The board by duly adopted rules and regulations shall establish the requirements for such program of continuing nursing education. Upon receipt of such application, payment of fee, upon receipt of the evidence of satisfactory completion of the required program of continuing nursing education and upon being satisfied that the applicant meets the requirements set forth in K.S.A. 65-1115 or 65-1116, and amendments thereto, in effect at the time of initial licensure of the applicant, the board shall verify the accuracy of the application and grant a renewal license.

(b) Any person who fails to secure a renewal license within the time specified herein may secure a reinstatement of such lapsed license by making verified application therefor on a form provided by the board, by rules and regulations, and upon furnishing proof that the applicant is competent and qualified to act as a registered professional nurse or licensed practical nurse and by satisfying all of the requirements for reinstatement including payment to the board of a reinstatement fee as established by the board. A reinstatement application for licensure will be held awaiting completion of such documentation as may be required, but such application shall not be held for a period of time in excess of that specified in rules and regulations.

(c) (1) Each licensee shall notify the board in writing of (A) a change in name or address within 30 days of the change or (B) a conviction of any felony or misdemeanor, that is specified in rules and regulations adopted by the board, within 30 days from the date the conviction becomes final.

(2) As used in this subsection, "conviction" means a final conviction without regard to whether the sentence was suspended or probation granted after such conviction. Also, for the purposes of this subsection, a forfeiture of bail, bond or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction. Failure to so notify the board shall not constitute a defense in an action relating to failure to renew a license, nor shall it constitute a defense in any other proceeding.

(d) Persons holding a multistate license under the nurse licensure compact and who engage in the practice of nursing in Kansas may be requested by the board to voluntarily provide workforce-related
information as reasonably determined by the board. Refusal to voluntarily provide such information shall not be a basis for disciplinary action against or restriction of the multistate license of any such person.

**Fees.** (a) The board shall collect in advance fees provided for in this act as fixed by the board, but not exceeding:

The board may designate other methods of payment, but shall not refuse payment in the form of a personal check. Schools of nursing; approval; approval of providers of continuing education offerings; application fee; criteria for evaluating out-of-state schools; nationally accredited schools of nursing. (a) Application for approval. An approved school of nursing is one which has been approved as such by the board as meeting the standards of this act, and the rules and regulations of the board. An institution desiring to conduct an approved school of professional or practical nursing shall apply to the board for approval and submit satisfactory proof that it is prepared to and will maintain the standards and basic professional nursing curriculum or the required curriculum for practical nursing, as the case may be, as prescribed by this act and by the rules and regulations of the board. Applications shall be made in writing on forms supplied by the board and shall be submitted to the board together with the application fee fixed by the board. The approval of a school of nursing shall not exceed 10 years after the granting of such approval by the board. An institution desiring to continue to conduct an approved school of professional or practical nursing shall apply to the board for the renewal of approval and submit satisfactory proof that it will maintain the standards and basic professional nursing curriculum or the required curriculum for practical nursing, as the case may be, as prescribed by this act and by the rules and regulations of the board. Applications for renewal of approval shall be made in writing on forms supplied by the board. Each school of nursing shall submit annually to the board an annual fee fixed by the board by rules and regulations to maintain the approval status.

(b) Schools for professional nurses. To qualify as an approved school for professional nurses, the school must be conducted in the state of Kansas, and shall apply to the board and submit evidence that: (1) It is prepared to carry out the professional curriculum as prescribed in the rules and regulations of the board; and (2) it is prepared to meet such other standards as shall be established by this law and the rules and regulations of the board.

(c) Schools for practical nurses. (d) Survey. The board shall prepare and maintain a list of approved schools for both professional and practical nurses whose graduates, if they have the other necessary qualifications provided in this act, shall be eligible to apply for a license as a registered professional nurse or as a licensed practical nurse. A survey of the institution or institutions and of the schools applying for approval shall be made by an authorized employee of the board or members of the board, who shall submit a written report of the survey to the board. If, in the opinion of the board, the requirements as prescribed by the board in its rules and regulations for an approved school for professional nurses or for practical nurses are met, it shall so approve the school as either a school for professional nurses or practical nurses, as the case may be. The board shall resurvey approved schools on a periodic basis as determined by rules and regulations. If the board determines that any approved school of nursing is not maintaining the standards required by this act and by rules and regulations prescribed by the board, notice thereof in writing, specifying the failures of such school, shall be given immediately to the school. A school which fails to correct such conditions to the satisfaction of the board within a reasonable time shall be removed from the list of approved schools of nursing until such time as the school shall comply with
the standards. All approved schools shall maintain accurate and current records showing in full the theoretical and practical courses given to each student.

(e) Providers of continuing nursing education. (1) To qualify as an approved provider of continuing nursing education offerings, persons, organizations or institutions proposing to provide such continuing nursing education offerings shall apply to the board for approval and submit evidence that the applicant is prepared to meet the standards and requirements established by the rules and regulations of the board for such continuing nursing education offerings. Initial applications shall be made in writing on forms supplied by the board and shall be submitted to the board together with the application fee fixed by the board.

(2) A long-term provider means a person, organization or institution that is responsible for the development, administration and evaluation of continuing nursing education programs and offerings. Qualification as a long-term approved provider of continuing nursing education offerings shall expire five years after the granting of such approval by the board. An approved long-term provider of continuing nursing education offerings shall submit annually to the board the annual fee established by rules and regulations, along with an annual report for the previous fiscal year. Applications for renewal as an approved long-term provider of continuing nursing education offerings shall be made in writing on forms supplied by the board.

(3) Qualification as an approved provider of a single continuing nursing education offering, which may be offered once or multiple times, shall expire two years after the granting of such approval by the board. Approved single continuing nursing education providers shall not be subject to an annual fee or annual report.

(4) In accordance with rules and regulations adopted by the board, the board may approve individual educational offerings for continuing nursing education which shall not be subject to approval under other subsections of this section.

(f) Criteria for evaluating out-of-state schools. For the purpose of determining whether an applicant for licensure who is a graduate of a school of professional or practical nursing located outside this state meets the requirements of item (2) of subsection (a) of K.S.A. 65-1115 and amendments thereto or the requirements of item (2) of subsection (a) of K.S.A. 65-1116 and amendments thereto, as appropriate, the board by rules and regulations shall establish criteria for determining whether a particular school of professional nursing located outside this state maintains standards which are at least equal to schools of
professional nursing which are approved by the board and whether a particular school of practical nursing located outside this state maintains standards which are at least equal to schools of practical nursing which are approved by the board. The board may send a questionnaire developed by the board to any school of professional or practical nursing located outside this state for which the board does not have sufficient information to determine whether the school meets the standards established under this subsection (f). The questionnaire providing the necessary information shall be completed and returned to the board in order for the school to be considered for approval. The board may contract with investigative agencies, commissions or consultants to assist the board in obtaining information about schools. In entering such contracts the authority to approve schools shall remain solely with the board.

(g) The board may accept nationally accredited schools of nursing as defined in rule and regulation.

(1) Schools of nursing which have received accreditation from a board recognized national nursing accreditation agency shall file evidence of initial accreditation with the board and shall file all reports from the accrediting agency and any notice of any change in school accreditation status. The board may grant approval based upon evidence of such accreditation.

(2) Schools of nursing holding approval based upon national accreditation are also responsible for complying with all other requirements as determined by rules and regulations of the board.

(3) The board may grant approval to a school of nursing with national accreditation for a continuing period not to exceed 10 years.

A certified copy of the record or order of public or private censure, denial, suspension, limitation, revocation or other disciplinary action of the licensing authority of another state, agency of the United States government,
territory of the United States or country shall constitute prima facie evidence of such a fact for purposes of this paragraph (9); or

(10) to have assisted suicide in violation of K.S.A. 21-3406, prior to its repeal, or K.S.A. 2019 Supp. 21-5407, and amendments thereto, as established by any of the following:

After investigation, the board may institute charges. If an investigation, in the opinion of the board, reveals reasonable grounds for believing the applicant or licensee is guilty of the charges, the board shall fix a time and place for proceedings, which shall be conducted in accordance with the provisions of the Kansas administrative procedure act.

(c) Witnesses. No person shall be excused from testifying in any proceedings before the board under this act or in any civil proceedings under this act before a court of competent jurisdiction on the ground that such testimony may incriminate the person testifying, but such testimony shall not be used against the person for the prosecution of any crime under the laws of this state except the crime of perjury as defined in K.S.A. 2019 Supp. 21-5903, and amendments thereto.

(d) Costs. If final agency action of the board in a proceeding under this section is adverse to the applicant or licensee, the costs of the board's proceedings shall be charged to the applicant or licensee as in ordinary civil actions in the district court, but if the board is the unsuccessful party, the costs shall be paid by the board. Witness fees and costs may be taxed by the board according to the statutes relating to procedure in the district court. All costs accrued by the board, when it is the successful party, and which the attorney general certifies cannot be collected from the applicant or licensee shall be paid from the board of nursing fee fund. All moneys collected following board proceedings shall be credited in full to the board of nursing fee fund.

65-1120a  **Reinstatement of revoked licenses; burden of proof; board of nursing report to legislature.** (a) A person whose license has been revoked may apply for reinstatement of the license after the expiration of three years from the effective date of the revocation. Application for reinstatement shall be on a form approved by the board and shall be accompanied by a reinstatement fee established by the board under K.S.A. 65-1118, and amendments thereto. The burden of proof by clear and convincing evidence shall be on the applicant to show sufficient rehabilitation to justify reinstatement of the license. If the board determines a license should not be reinstated, the person shall not be eligible to reapply for reinstatement for three years from the effective date of the denial. All proceedings conducted on an application for reinstatement shall be in accordance with the provisions of the Kansas administrative procedure act and shall be reviewable in accordance with the Kansas judicial review act. The board, on its own motion, may stay the effectiveness of an order of revocation of license.

(b) On or before January 8, 2018, and on or before the first day of the regular session of the Kansas legislature each year thereafter, the board of nursing shall submit a written report to the senate standing committee on public health and welfare and the house of representatives standing committee on health and human services that includes on an anonymous but individual and itemized basis: The number of individuals who applied for reinstatement of a revoked license during the immediately preceding calendar year; the amount of moneys charged to each such applicant; the number of such reinstatement applications that were granted and denied; and the basis given to deny any such reinstatement application.

Nurse licensure compact. This section shall be known and may be cited as the nurse licensure compact.

Nurse Licensure Compact

ARTICLE IFINDINGS AND DECLARATION OF PURPOSE

(a) The legislature of the state of Kansas finds that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) the expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) new practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) the current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

(6) uniformity of nurse licensure requirements among the states promotes public safety and public health benefits.

(b) The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) facilitate the exchange of information among party states in the areas of nurse regulation, investigation and adverse actions;

(4) promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party-state licenses;

(6) decrease redundancies in the consideration and issuance of nurse licenses; and

(7) provide opportunities for interstate practice by nurses who meet uniform licensure requirements.
ARTICLE I DEFINITIONS

As used in this compact:

(a) "Adverse action" means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege, such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

(b) "Alternative program" means a nondisciplinary monitoring program approved by a licensing board.

(c) "Commission" means the interstate commission of nurse licensure compact administrators.

(d) "Coordinated licensure information system" means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(e) "Current significant investigative information" means:

(1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(2) investigative information that indicates that the nurse represents an immediate threat to public health and safety, regardless of whether the nurse has been notified and had an opportunity to respond.

(f) "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(g) "Home state" means the party state that is the nurse's primary state of residence.

(h) "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.

(i) "LPN/VN" means a licensed practical/vocational nurse.

(j) "Multistate license" means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(k) "Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

(l) "Nurse" means RN or LPN/VN, as those terms are defined by each party state's practice laws.
(m) "Party state" means any state that has adopted this compact.

(n) "Remote state" means a party state, other than the home state.

(o) "RN" means a registered nurse.

(p) "Single-state license" means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(q) "State" means a state, territory or possession of the United States and the District of Columbia.

(r) "State practice laws" means a party state's laws, rules and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III GENERAL PROVISIONS AND JURISDICTION

(a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as an RN or as an LPN/VN, under a multistate licensure privilege, in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for an initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state's criminal records.

(c) Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

1. Has met the home state's qualifications for licensure or renewal of licensure, as well as all other applicable state laws;

2. (A) has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prelicensure education program; or

   (B) has graduated from a foreign RN or LPN/VN prelicensure education program that: (i) Has been approved by the authorized accrediting body in the applicable country; and (ii) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;
(3) has, if a graduate of a foreign prelicensure education program, not taught in English or, if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing and listening;

(4) has successfully passed an NCLEX-RN or NCLEX-PN examination or recognized predecessor, as applicable;

(5) is eligible for or holds an active unencumbered license;

(6) has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the federal bureau of investigation and the Kansas bureau of investigation;

(7) has not been convicted or found guilty or has entered into an agreed disposition of a felony offense under applicable state or federal criminal law;

(8) has not been convicted or found guilty or has entered into an agreed disposition of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) is not currently enrolled in an alternative program;

(10) is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) has a valid United States social security number.

(d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege, such as revocation, suspension, probation or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.
(g) Any nurse holding a home state multistate license on the effective date of this compact may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) A nurse who changes such nurse's primary state of residence after this compact's effective date must meet all applicable article III(c) requirements to obtain a multistate license from a new home state.

(2) A nurse who fails to satisfy the multistate licensure requirements in article III(c) due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the commission.

ARTICLE IV APPLICATIONS FOR LICENSURE IN A PARTY STATE

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

(c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

ARTICLE V ADDITIONAL AUTHORITIES INVESTED IN PARTY-STATE LICENSING BOARDS

(a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state:

(A) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state; and
(B) for purposes of taking adverse action, the home-state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;

(2) issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(3) complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate actions and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(4) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the federal bureau of investigation for criminal background checks, receive the results of the federal bureau of investigation record search on criminal background checks and use the results in making licensure decisions;

(6) if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(7) take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home-state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home-state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.
ARTICLE VI
COORDINATED LICENSURE INFORMATION SYSTEM AND EXCHANGE OF INFORMATION

(a) All party states shall participate in a coordinated licensure information system of all licensed RNs and LPNs/VNs. This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications, with the reasons for such denials, and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

(d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party-state licensing boards.

(e) Notwithstanding any other provision of law, all party-state licensing boards contributing information to the coordinated licensure information system may designate information, which may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure information system by a party-state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(h) The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

(1) Identifying information;

(2) licensure data;

(3) information related to alternative program participation; and
(4) other information that may facilitate the administration of this compact, as determined by commission rules.

(i) The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

ARTICLE VII ESTABLISHMENT OF THE INTERSTATE COMMISSION OF NURSE LICENSURE COMPACT ADMINISTRATORS

(a) The party states hereby create and establish a joint public entity known as the interstate commission of nurse licensure compact administrators.

(1) The commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

(b) Membership, voting and meetings:

(1) Each party-state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the laws of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in article VIII of this compact.

(5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(A) Noncompliance of a party state with its obligations under this compact;
(B) the employment, compensation, discipline or other personnel matters, practices or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;

(C) current, threatened or reasonably anticipated litigation;

(D) negotiation of contracts for the purchase or sale of goods, services or real estate;

(E) accusing any person of a crime or formally censuring any person;

(F) disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(G) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(H) disclosure of investigatory records compiled for law enforcement purposes;

(I) disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or

(J) matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(c) The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact, including, but not limited to:

(1) Establishing the fiscal year of the commission;

(2) providing reasonable standards and procedures:

(A) For the establishment and meetings of other committees; and

(B) governing any general or specific delegation of any authority or function of the commission;

(3) providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings
by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

(4) establishing the titles, duties and authority and reasonable procedures for the election of the officers of the commission;

(5) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and

(6) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

(d) The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the commission.

(e) The commission shall maintain its financial records in accordance with the bylaws.

(f) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

(g) The commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states;

(2) to bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(3) to purchase and maintain insurance and bonds;

(4) to borrow, accept or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;

(5) to cooperate with other organizations that administer state compacts related to the regulation of nursing, including, but not limited to, sharing administrative or staff expenses, office space or other resources;

(6) to hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's
personnel policies and programs relating to conflicts of interest, qualifications of personnel and other related personnel matters;

(7) to accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same, provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(8) to lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, whether real, personal or mixed, provided that at all times the commission shall avoid any appearance of impropriety;

(9) to sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, whether real, personal or mixed;

(10) to establish a budget and make expenditures;

(11) to borrow money;

(12) to appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons;

(13) to provide and receive information from, and to cooperate with, law enforcement agencies;

(14) to adopt and use an official seal; and

(15) to perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.

Financing of the commission:

(1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities;

(2) the commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states;

(3) the commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the commission pledge the credit of any of the party states, except by and with the authority of such party state; and

(4) the commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be
audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(i) Qualified immunity, defense and indemnification:

(1) The administrators, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful or wanton misconduct of that person.

(2) The commission shall defend any administrator, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from that person's intentional, willful or wanton misconduct and provided further that nothing herein shall be construed to prohibit that person from retaining such person's own counsel.

(3) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional, willful or wanton misconduct of that person.

ARTICLE VIII RULEMAKING

(a) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.

(b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(c) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and
(2) on the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

(d) The notice of proposed rulemaking shall include:

(1) The proposed time, date and location of the meeting in which the rule will be considered and voted upon;

(2) the text of the proposed rule or amendment, and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

(f) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The commission shall publish the place, time and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

(2) Nothing in this article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this article.

(h) If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(j) The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(k) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing, provided that the usual rulemaking procedures provided in this compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, and in no event later than 90 days after the effective date of the
rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety or welfare;

(2) prevent a loss of commission or party state funds; or

(3) meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

(1) The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE IX OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

(a) Oversight:

(1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.

(2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

(b) Default, technical assistance and termination:

(1) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(A) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission; and

(B) provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the
default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

(4) A state whose membership in this compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(c) Dispute resolution:

(1) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and non-party-states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the commission cannot resolve disputes among party states arising under this compact:

(A) The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

(B) The decision of a majority of the arbitrators shall be final and binding.

(d) Enforcement:

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the commission has its principal offices against a
party state that is in default to enforce compliance with the provisions of this compact and its
promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the
event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such
litigation, including reasonable attorney fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may
pursue any other remedies available under federal or state law.

ARTICLE X EFFECTIVE DATE, WITHDRAWAL AND AMENDMENT

(a) This compact shall become effective and binding on the earlier of the date of legislative enactment
of this compact into law by no less than 26 states or December 31, 2018. All party states to this
compact that also were parties to the prior nurse licensure compact superseded by this compact, prior
compact, shall be deemed to have withdrawn from such prior compact within six months after the
effective date of this compact.

(b) Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege
to practice in that party state issued under the prior compact until such party state has withdrawn from
the prior compact.

(c) Any party state may withdraw from this compact by enacting a statute repealing the same. A party
state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(d) A party state's withdrawal or termination shall not affect the continuing requirement of the
withdrawing or terminated state's licensing board to report adverse actions and significant
investigations occurring prior to the effective date of such withdrawal or termination.

(e) Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure
agreement or other cooperative arrangement between a party state and a non-party state that is made in
accordance with the other provisions of this compact.

(f) This compact may be amended by the party states. No amendment to this compact shall become
effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(g) Representatives of non-party states to this compact shall be invited to participate in the activities
of the commission, on a nonvoting basis, prior to the adoption of this compact by all states.

ARTICLE XI CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this
compact shall be severable, and if any phrase, clause, sentence or provision of this compact is declared
to be contrary to the constitution of any party state or of the United States, or if the applicability thereof
to any government, agency, person or circumstance is held invalid, the validity of the remainder of this
compact and the applicability thereof to any government, agency, person or circumstance shall not be
affected thereby. If this compact shall be held to be contrary to the constitution of any party state, this
compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

The instructor shall not be required to be present, but the students shall be included in the faculty-student ratio.

(h) “Community-based health care” means health care provided outside of hospitals and long-term care facilities, including public health departments, ambulatory health clinics, prenatal and well-baby clinics, hospice agencies, doctors’ offices, industrial settings, homeless shelters, nursing centers, home health agencies, and patients’ homes.

through information and instruction provided by means of a variety of technologies.

(w) “PN exit option” means in the bilevel programs that there is one application process for the PN and RN programs. (a) No professional nurse shall announce or represent to the public that such person is an advanced practice registered nurse unless such professional nurse has complied with requirements established by the board and holds a valid license as an advanced practice registered nurse in accordance with the provisions of this section.

(b) (1) The board shall establish standards and requirements for any professional nurse who desires to obtain licensure as an advanced practice registered nurse. Such standards and requirements shall include, but not be limited to, standards and requirements relating to the education of advanced practice registered nurses. The board may give such examinations and secure such assistance as it deems necessary to determine the qualifications of applicants.

(2) (A) On and after July 1, 2023, an applicant for initial licensure as an advanced practice registered nurse shall have a current advanced practice registered nurse certification in such applicant's specific role and population focus that has been granted by a national certifying organization recognized by the board and whose certification standards are approved by the board as equal to or greater than the corresponding standards established by the board; and

(B) an advanced practice registered nurse whose initial licensure is prior to July 1, 2023, may submit evidence of such certification to the board upon renewal.

(c) The board shall adopt rules and regulations consistent with the Kansas nurse practice act applicable to advanced practice registered nurses that:

(1) Establish roles and identify titles and abbreviations of advanced practice registered nurses that are consistent with nursing practice specialties recognized by the nursing profession.

(2) Establish education and qualifications necessary for licensure for each role of advanced practice registered nurse established by the board at a level adequate to assure the competent performance by advanced practice registered nurses of functions and procedures which advanced practice registered nurses are authorized to perform. Advanced practice registered nursing is based on knowledge and skills acquired in basic nursing education, licensure as a registered nurse and graduation from or completion of a master's or higher degree in one of the advanced practice registered nurse roles approved by the board of nursing.

(3) Define the role of advanced practice registered nurses and establish limitations and restrictions on such role. The board shall adopt a definition of the role under this paragraph that is consistent with the education and qualifications required to obtain a license as an advanced practice registered nurse that protects the public from persons performing functions and procedures as advanced practice registered nurses for which they lack adequate education and qualifications and that authorizes advanced practice...
registered nurses to perform acts generally recognized by the profession of nursing as capable of being performed, in a manner consistent with the public health and safety, by persons with postbasic education in nursing. In defining such role the board shall consider:

(A) The education required for a licensure as an advanced practice registered nurse;

(B) the type of nursing practice and preparation in specialized advanced practice skills involved in each role of advanced practice registered nurse established by the board;

(C) the scope and limitations of advanced practice nursing prescribed by national advanced practice organizations in accordance with the laws of this state; and

(D) acts recognized by the nursing profession as appropriate to be performed by persons with postbasic education in nursing.

d) (1) An advanced practice registered nurse may prescribe durable medical equipment and prescribe, procure and administer any drug consistent with such licensee's specific role and population focus, except an advanced practice registered nurse shall not prescribe any drug that is intended to cause an abortion. Any drug that is a controlled substance shall be prescribed, procured or administered in accordance with the uniform controlled substances act.

(2) A prescription order shall include the name, address and telephone number of the advanced practice registered nurse. An advanced practice registered nurse may not dispense drugs but may request, receive and sign for professional samples and may distribute professional samples to patients.

(3) In order to prescribe controlled substances, the advanced practice registered nurse shall:

(A) Register with the federal drug enforcement administration; and

(B) comply with federal drug enforcement administration requirements related to controlled substances.

(4) An advanced practice registered nurse certified in the role of registered nurse anesthetist while functioning as a registered nurse anesthetist under K.S.A. 65-1151 through 65-1164, and amendments thereto, shall be subject to the provisions of K.S.A. 65-1151 through 65-1164, and amendments thereto, with respect to drugs and anesthetic agents and shall not be subject to the provisions of this subsection.

(5) An advanced practice registered nurse shall maintain malpractice insurance coverage as a condition of rendering professional clinical services as an advanced practice registered nurse in this state and shall provide proof of insurance at the time of licensure and renewal of license. The requirements of this subsection shall not apply to an advanced practice registered nurse who:

(f) A person registered to practice as an advanced registered nurse practitioner in the state of Kansas immediately prior to the effective date of this act shall be deemed to be licensed to practice as an advanced practice registered nurse under this act and such person shall not be required to file an original application for licensure under this act. Any application for registration filed which has not been granted prior to the effective date of this act shall be processed as an application for licensure under this act.

(g) An advanced practice registered nurse certified in the role of certified nurse-midwife and engaging in the independent practice of midwifery under the independent practice of midwifery act with respect to prescribing drugs shall be subject to the provisions of the independent practice of midwifery act and shall not be subject to the provisions of this section.

(h) This section shall not supersede the requirements outlined in K.S.A. 65-4a08(b), and amendments thereto.

Upon application to the board by any professional nurse in this state and upon satisfaction of the standards and requirements established by the board under K.S.A. 65-1130, and amendments thereto, the board may issue a license to such applicant authorizing the applicant to perform the duties of an advanced practice registered nurse as defined by the board under K.S.A. 65-1130, and amendments thereto.

(2) The board may issue a license to practice nursing as an advanced practice registered nurse to an applicant who has been duly licensed or certified as an advanced practice registered nurse under the laws of another state or territory if, in the opinion of the board, the applicant meets the licensure qualifications required of an advanced practice registered nurse in this state. Verification of the applicant's licensure or certification status shall be required from the original state of licensure or certification.

(3) An application to the board for a license, a license with temporary permit, renewal of a license and reinstatement of a license shall be upon such form and contain such information as the board may require and shall be accompanied by a fee, to be established by rules and regulations adopted by the board, to assist in defraying the expenses in connection with the issuance of licenses as advanced practice registered nurses, in an amount fixed by the board under K.S.A. 65-1118, and amendments thereto.

(4) An application for initial licensure or endorsement will be held awaiting completion of meeting qualifications for a time period specified in rules and regulations.

An advanced practice registered nurse who has been granted an exempt license pursuant to this subsection shall be exempt from the requirements of K.S.A. 40-3402 and 40-3404, and amendments thereto.

The holder of an inactive license shall not be required to submit evidence of satisfactory completion of a program of continuing education required by K.S.A. 65-1117 and 65-1132, and amendments thereto. An inactive license shall not entitle the holder to engage in advanced practice registered nursing in this state. Each inactive license may be renewed subject to the provisions of this section. An inactive licensee may apply for a license to regularly engage in advanced practice registered nursing upon filing a written reinstatement application with the board. The application shall be on a form provided by the board and shall be accompanied by the license fee established pursuant to K.S.A. 65-1118, and amendments thereto. An applicant for a license to practice as an advanced practice registered nurse who has not been licensed to practice advanced practice registered nursing for five years preceding application shall be required to successfully complete a refresher course as defined by the board. An advanced practice registered nurse who has been granted an inactive license pursuant to this subsection shall be exempt from the requirements of K.S.A. 40-3402 and 40-3404, and amendments thereto.

(e) The board shall have authority to adopt rules and regulations to carry out the provisions of this section.

(a) All licenses issued under the provisions of this act, whether initial or renewal, shall expire every two years. The expiration date shall be established by rules and regulations of the board. Every person who desires to renew such license shall file with the board, on or before the date of expiration of such license:

A survey of the institution or school applying for approval of an educational program for advanced practice registered nurses shall be made by an authorized employee of the board or members of the board, who shall submit a written report of the survey to the board.
