September 2017 CNE Committee

The September 2017 CNE Committee was called to order September 12, 2017 at 8:32 a.m. in room 560 of the Landon State Office Building in Topeka by S. Brown, Chair. The minutes from the June 2017 meeting were approved without corrections.

M. Kidwell reported the total number of IOA's submitted for FY2017 was 1,752. The total reviewed from June 2017 – July 2017 was 363 with the total denied being 52. The number one reason for denial was failure to submit learning objectives and the 2nd top reason was offerings not being completed during renewal periods. The summary of all denied IOA's was reviewed without further discussion.

The committee reviewed K.A.R. 60-9-106. It was moved to approve draft changes made to K.A.R. 60-9-106.

The following Long-term Provider 5-year renewal applications were approved as submitted:

- Robert J. Dole VA Medical Center
- EagleMed, LLC
- Lawrence Memorial Hospital

The following Long-term Provider 5-year renewal applications were approved pending submission of deficient items:

- Dodge City Community College
- Fort Scott Mercy Hospital

The following new Long-term Provider application was approved:

• Allied Health Career Training, LLC

K.A.R. 60-12-104 & K.A.R. 60-12-105 were reviewed as part of the 5-year legislation review and approved without changes.

The committee discussed Long-term providers not submitting annual reports and decided that letters would be provided to deficient providers reminding them of the requirements. If providers remain deficient these providers will be reviewed again at the CNE Committee meeting in December 2017.

The meeting was adjourned at 9:34 a.m.

Investigative Committee

The Investigative Committee meeting for Monday September 11, 2017 was called to order at 8:30 am. Minutes for the March 2017 meeting were read and approved. The KNAP quarterly statistical summary was reviewed. KNAP staff gave an update on recent conferences and information received at those conferences. A report was given on recent meetings with KDHE staff regarding the Risk Management form and process changes. The Unlicensed Practice Agreement and current policies were reviewed and it was decided that no changes were

needed. The AAGs expressed interest on behalf of the AG in reviewing cases for possible criminal action referral. A pilot study will be conducted for the December meeting to see how many potential cases there might be for such a process. Abandonment time frames for applications were reviewed and the committee will consider new language for that regulation at a future meeting. There are no further items for legislative review for this calendar year. A total of 197 cases were reviewed and disposed of by the Committee members.

Kansas State Board of Nursing Joins Nursys

We are pleased to announce that verifications of licensure to another state will now be achieved by a more secure and electronic process! Beginning May 12, 2017 this process will facilitate the turnaround for licensure verification to be sent to a state of your choice via Nursys®.

Nursys® is the only national database for licensure verification for registered nurses (RNs), licensed practical/vocational nurses (LPNs) and advanced practice registered nurses (APRNs). Nursys® is designated as a primary source equivalent database through a written agreement with participating boards of nursing. Nursys® is live and dynamic, and all updates to the system are

reflected immediately, pushed directly from participating board of nursing databases through frequent, secured data updates. Nursys®, a 24/7 nationwide database for verification of nurse licensure and discipline, will make licensure verification **immediately** available to the board of nursing where an individual is applying for licensure.

National Council of State Boards of Nursing (NCSBN) provides automatic license status quickly, easily, securely and free of charge to individual nurses who enroll through Nursys e-Notify.

For questions regarding verifications or Nursys, including processing times, visit Nursys.com for instructions and an introductory video.

Kansas Commission for Nursing Education and Practice (KNEP) developed a schematic to assist nurses, nursing students, and other interested parties understand the acronyms that are utilized for nursing organizations in Kansas. In the June 2016 issue of the Kansas State Board of Nursing Newsletter, this schematic and short description of each organization is listed.

Each organization listed on the schematic has been asked to provide a more detailed description. Below each description is the name of a person involved with the organization that would be available to assist you with additional information or you may contact Brenda Moffitt, Chairperson of the Kansas Commission for Nursing Education and Practice (KNEP) at bmoffitt@mhsks.org or by phone at 785-263-2100.

Kansas State Board of Nursing (KSBN): KSBN is a state agency whose mission is to assure the citizens of Kansas safe and competent practice by nurses and mental health technicians. The State Board of Nursing was established in 1913 for the purpose of protecting the citizens of Kansas from the practice of nursing by unscrupulous and unqualified individuals. The agency meets the mission by licensing individuals who met specific standards and have proven their competency to practice nursing at the level for which the license is issued, approval of nursing programs and investigations of complaints received.

Professional Organizations: Belonging to a professional organization is a vital part of each nurse's engagement and professionalism. These organizations provide nurses with resources to improve practice, knowledge, and skills. The circle was intentionally left open except for the intersections of KSBN, KONL and KNEP. There are numerous nursing and/or professional

organizations that nurses may belong to. In fact, there were too many to list. In an effort to allow each person to decide which organization best meets their professional goals, this area is open to the decision of the nurse.

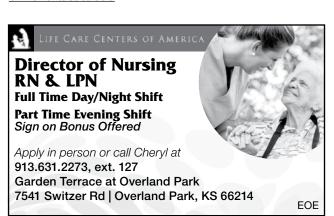

Kansas Organization of Nurse Leaders (KONL): KONL is a statewide organization which strives to provide communication, networking with colleagues, resource sharing, and educational opportunities to enhance nursing leaders' knowledge and skills. The organization is comprised of all levels of nursing leadership divided into eight districts within the state. The goal of KONL is to facilitate the professional growth and development of new and experienced nurse leaders. www.konl.org Joyce Mattison, President 785-623-5394 joyce. mattison@haysmed.com

Kansas Commission for Nursing Education and Practice (KNEP): KNEP was formed as a Task Force in 1998 with six representatives from all levels of nursing education and five members from the Kansas Organization of Nurse Leaders from both rural and urban Kansas settings. The number was subsequently increased to six KONL members. KNEP became a committee of KONL is 2002 and in 2007 a commission. KNEP serves as a resource for nurses in education and practice. To see these resources go to www.KONL.org/KNEPCommission. Brenda Moffitt, Chairperson, 785-263-2100 bmoffitt@mhsks.org

Kansas Action Coalition (KSAC): KSAC was founded in 2011 with a goal toward ensuring that high quality, patient-centered nursing care is available for all Kansans. The KSAC is implementing recommendations from the Institute of Medicine's landmark report *The Future of Nursing: Leading Change, Advancing Health.* Key messages from *The Future of Nursing* report suggest how nursing should advance nursing education, practice, and leadership to meet the needs of individuals, families, and populations in an increasingly complex and diverse health care environment. The KSAC is meeting its goal through the work of nurses and non-nurses on four Teams: Education, Practice, Leadership, and Advocacy. www.kansasactioncoalition.com Cynthia Teel, Co-Lead, cteel@kumc.edu

Kansas Association of Colleges of Nursing (KACN): KACN membership includes deans, directors, and chairs of bachelor's, graduate, and post graduate nursing programs in Kansas. Membership is voluntary. The purposes of KACN are to promote baccalaureate and higher degree nursing education by maintaining a network for nurse educators in higher education programs to facilitate communication, collaboration, legislative action participation, and advocacy for quality nursing education in Kansas. Linda Adams-Wendling, Chairperson, ladamswe@emporia.edu.

Kansas Council of Associate Degree Nurse **Educators (KCADNE):** KCADNE is made up of nurse educators from associate degree nursing programs that are approved by the Kansas State Board of Nursing. The purpose of KCADNE is to enhance communication among ADN programs and with individuals and groups who influence associate degree nursing. KCADNE promotes relationships and networking with state and national nursing organizations and agencies. They monitor, initiate, promote, and respond to legislation that relates to associate degree nursing. We also promote ADN education through faculty development, scholarships, the KCADNE Fall Forum education conference, and through member representation on state-wide organizations, councils, and committees. The council meets quarterly in Topeka with dates that coincide with KSBN meetings. Bill Rhoads, Chairperson, billr@fortscott.edu.

Kansas Council of Practical Nurse Educators (KCPNE): The purpose of the organization is to promote Practical Nursing Education in Kansas among Practical Nursing programs and others who influence Practical Nursing. This includes developing liaison relationships with the Kansas State Board of Nursing and state and national nursing organizations. A major focus is monitoring and responding to related legislation as it relates to Practical Nursing. Recruitment of Practical Nursing students is important to the organization and the future of nursing in Kansas. The organization is comprised of Nurse Administrators or representatives of Practical Nursing programs in Kansas. Cynthia Jacobson, Chairperson, cjacobson@highlandcc.edu.

Kansas Council for Collaboration in Nursing (KCCN): KCCN is comprised of all the nurse educator councils. This council meets together to discuss relevant nursing issues related to education and the practice of nursing. This council meets at least twice a year with Kansas Organization of Nurse Leaders (KONL).

Kansas Announces Statewide Integration of Prescription Drug Monitoring Program Adding K-TRACS Data to Electronic Health Records and Pharmacy Management Systems

The Kansas State Board of Pharmacy (Board), in conjunction with the Kansas Department of Health and Environment (KDHE), is pleased to announce a new partnership with Appriss Health to provide interoperability services for all prescribers and pharmacists in Kansas to access K-TRACS, the Kansas Prescription Drug Monitoring Program, through the PDMP Gateway®. "This is an opportunity for Kansas to deliver a more efficient and patient-oriented prescription drug monitoring program," said KDHE Secretary Susan Mosier, MD, MBA, FACS. "Integrating a patient's controlled substance prescription data into the electronic health record helps providers treat that patient."

The project is funded by a grant from the Centers for Disease Control awarded to the Kansas Department of Health and Environment. "Grant funds will support Gateway® connection costs for each Kansas electronic health records and pharmacy management system approved for integration," said Board Executive Secretary Alexandra Blasi. "This multiagency collaboration furthers the K-TRACS mission to prevent diversion, misuse and abuse of controlled substances in Kansas, while protecting legitimate medical use."

The Board successfully piloted electronic medical/health records integration a few years ago, enabling a single sign-on for access to a patient's medical record and prescription history. The Board will begin to model this integration statewide which will increase availability, ease of access, and use of a patient's controlled substance prescription history for making critical and informed prescribing and dispensing decisions. Currently, prescribers and pharmacists log in to separate systems to query patient data which takes valuable time away from patient care and interaction. This integration simplifies the process by creating a one-stop-shop, making K-TRACS data directly available in the patient's electronic record.

For more information and to request integration, please visit http://pharmacy.ks.gov/k- tracs/k-tracs-statewide-integration. Integrations must be approved by the Board and will require reporting to the Board regarding such connections.

Kansas Nurse Assistance Program

What is KNAP?

KNAP is a professional assistance program designed to assist all nurses and mental health technicians who have a problem or illness that has or could impair their ability to practice safely.

The Goal of KNAP

Mental and physical illness, including alcohol and other drug addiction, can potentially impair practice and health. We estimate that at any given time, approximately 10% of the population is affected. This same percentage is thought to be true of healthcare professionals.

Alcohol and other drug addiction, as well as mental and physical illnesses, are treatable. KNAP works with the program participants to obtain an evaluation, treatment (if indicated), and monitoring throughout the recovery process

- Requests to work shifts that are the least supervised.
- Inordinate interest in patients' pain control medications.

Behavior

- Increasing isolation from colleagues, friends and family and avoiding social activities.
- Complaints from others about work performance or alcohol or drug use.
- Mood swings, irritability or depression, or suicide threats or attempts, perhaps caused by accidental overdose.

Physical Symptoms

- Obvious intoxication such as swaying, staggering or slurred speech.
- Odor of alcohol on breath or the excessive use of breath-fresheners or perfume to disguise the odor of alcohol.

KNAP is supported by funds from the Board of Nursing and, in small part, by fees charged to the participants.

Kansas State Board of Nursing Launches Online Applications

Conveniently manage your nursing licenses online

The week of October 10th the Kansas State Board of Nursing (KSBN) launched their online Kansas Nursing License Portal. The portal is designed to give applicants the ability to apply and pay for their license(s) from the convenience of their home— 24 hours a day, seven days a week. The service is available for all professions except mental health technicians.

The goal of the Kansas State Board of Nursing is to provide applicants a more efficient and convenient way to apply for their license. KSBN is very proud to offer this service.

The Online Kansas Nursing License Portal ties into KSBN's current licensing system with its partnership with Systems Automation Corporation, a state government licensing system provider. It allows the user to apply for a Kansas nursing license, verify information, and manage changes to their license electronically. Through its partnership with the Information Network of Kansas, Inc., KSBN's online Kansas Nursing License Portal also allows applicants to securely pay for online services via electronic check or credit card.

To apply for nursing licensure you must have access to the Internet and a checking account or credit card. Applicants who apply online do not have to mail in the license application.

You can visit the Kansas Nursing License Portal www.ksbn.org.

Changes to K.A.R. 60-4-101

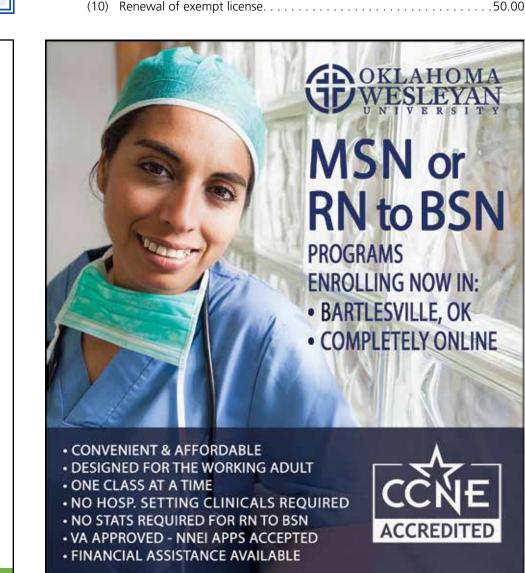

On April 19 at a special board meeting, the board voted to increase the verification of licensure fee from \$25.00 to \$30.00. This change was completed so Kansas would be able to join electronic verification of licensure through Nursys®. Beginning May 12, 2017 this process will facilitate the turnaround for licensure verification to be sent to a state of your choice via Nursys® which is live and dynamic. Nursys®, a 24/7 nationwide database for verification of nurse licensure and discipline, will make licensure verification **immediately** available to the board of nursing where an individual is applying for licensure. Below is the changed regulation.

60-4-101. Payment of fees.

(7)(8)

The following fees shall be charged by the board of nursing:

(a)	Fees	Fees for professional nurses.			
	(1)	Application for license by endorsement to Kansas \$75.00			
	(2)	Application for license by examination			
	(3)	Biennial renewal of license
