AGENCY MISSION:

The mission of the Board of Nursing is to assure the citizens of Kansas safe and competent practice by nurses and mental health technicians.

PHILOSOPHY

The Kansas State Board of Nursing subscribes to the philosophy of our democratic society which places emphasis on the inherent worth of the individual. The value of human life, and the attainment of the highest possible standard of health as a fundamental right of every individual.

We believe that the State Board of Nursing was established for the purpose of protecting the citizens of Kansas from the practice of nursing by unscrupulous and unqualified individuals.

We believe that individual licensure should only be granted to those persons who have met specific standards and have proven their competency to practice nursing at the level for which the license is issued, and that all individuals who practice professional or practical nursing should be currently licensed under a mandatory licensure act.

We believe each licensee must accept individual responsibility to maintain competency in nursing practice.

We believe that continuing education be required as one mechanism to increase competency.

We believe that the Board should promote communications and work cooperatively with local, state and national nursing organizations, and other organizations, and individual members of the health team to insure safe and effective nursing care for the citizens of Kansas.

We believe that the Board has the responsibility to promote high standards of nursing practice and of nursing education, but that it can not accomplish this without the cooperation of the nursing community.

We believe that nursing practice must be based on a theoretical framework and that nursing education must be based on sound educational principles.

We believe that self-evaluation, innovation and research are appropriate tools for improving nursing education and nursing practice.

OBJECTIVES:

The Kansas State Board of Nursing shall:

- 1) Establish and implement minimum standards for the practice of nursing and mental health technology through administering and interpreting the Kansas Nurse Practice Act, and the Kansas Mental Health Technicians Licensure Act.
- 2) License, as nurses and mental health technicians, duly qualified applicants in order to protect and safeguard the health and safety of the citizens of the State of Kansas.
- 3) Protect the public from persons (a) who are not competent to practice nursing or mental health technology, and (b) who seek to operate a non-accredited school of nursing or mental health technician program.
- 4) Require evidence of continuing education for relicensure of all registered nurses, licensed practical nurses, and licensed mental health technicians.
- 5) Encourage and support a higher level of excellence for nursing education and nursing practice than the minimum standards established by the Board.
- 6) Approve nursing education programs and approve mental health technician programs which have achieved, and are maintaining, minimum standards and approve providers of continuing education for nurses.
- 7) Cooperate with appropriate groups in an effort to improve health services for all persons.
- 8) Provide interpretation and consultation services to individuals and groups in matters relating to the education and practice of the Board's licensees.
- 9) Consider current and future trends in nursing education and practice and mental health technician education and practice.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

The Kansas State Board of Nursing was constituted by legislative action in 1913. Since that time, legislative changes have occurred from time to time. These changes have kept pace with current trends and practices.

- 1949:** The licensure of practical nurses was established when licensure for professional nurses became mandatory.
- 1973:** Licensure of mental health technicians. Today the Board licenses the three groups, professional and practical nurses, and mental health technicians.
- 1974:** Two licensed practical nurses added to the Board.
- 1975:** Mandatory licensure for practical nurses established.

From annual to biennial renewal of licenses.

Eleven member Board established, 5 registered nurses (3 educators and 2 nursing service administrators), 2 licensed practical nurses, 2 licensed mental health technicians and 2 public members.
- 1976:** Certification of advanced nursing practice.

Continuing education required for on-going nursing licensure.

Certified medication aides allowed to give oral medication to residents of adult care homes.
- 1980:** Compositions of professional nurse members of Board changed, 3 registered nurses from nursing service and 2 registered nurses from education.
- 1981:** Fee structure established for accreditation of nursing programs, and approval of continuing education providers.

Court costs charged to guilty party in administrative hearings.
- 1982:** Standards for revocation, suspension and limitation of nursing license adopted.
- 1983:** Board reviewed by Sunset Audit, continued until 1987.

Legislative authority to write new regulations for advanced nursing practice certification.

Mandatory reporting established for infractions of Mental Health Technicians Act.

Cooperative effort established for impaired nurses with Kansas State Nurses Association.

Extensive changes in Nurse Practice Act:
- handling of disciplinary matters
 - "good moral character" as criteria for licensure removed

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

- 1984:** Recommendations of Sunset Review accomplished.
Regulations written and passed for the certification of advanced nursing practice.
- 1985:** Regulations written for 20 hours of mandatory continuing education for licensed mental health technicians.
Biennial licensure established for licensed mental health technicians.
Board reviewed and evaluated its participation and cooperation with the Kansas State Nurses Association Peer Assistance program with the impaired nurse.
- 1986:** Legislation passed to authorize nurse anesthetists to practice.
Board of Nursing authorized to fix, charge and collect fees for institutes, conferences and educational program. Conference fund established.
- 1987:** The Board of Nursing was again reviewed for Sunset, and passed without difficulty. Legislation was passed which granted the Board the statutory authority to define unprofessional conduct for Mental Health Technicians, by rule and regulation.
The Nurse Practice Act was amended to allow school nurses to delegate certain nursing functions identified by rules and regulations to unlicensed personnel in the schools. One purpose of the amendment was to assist the Department of Education to "mainstream" handicapped children.
- 1988:** Mandatory Reporting law passed, to include all Board of Nursing licensure.
Board of Nursing given authority to authorize Registered Nurse Anesthetists for practice in Kansas.
Rule and regulation authority changed to allow for the establishment of standards for registered nurse anesthetists, fees established.
Administrative Procedure Act changed which allowed the Board to establish an Investigative Panel and a Hearing Panel.
Omnibus Appropriations Bill, provided funding for a contract for a program for chemically impaired licensees.
- 1989:** First Peer Assistance Contract signed.
As a result of mandatory reporting, there was a dramatic increase in the number of disciplinary reports.
- 1990:** Nurse Practice Act was amended to extend temporary permits to all nurses while attending a refresher course; to allow continuing nursing education providers to renew providerships every five years instead of two and clarify language on disciplinary content.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

- 1991:** During 1991, delegation policies were discussed and developed by the Board of Nursing. Work began on reviewing and revising statutes and regulations.
- 1992:** Board was granted authority to assess administrative fines for violations of the Nurse Practice Act. An exception added in statute allowed nurses to delegate nursing tasks to unlicensed personnel.
- 1993:** Public and private censure was added to disciplinary section of the practice act. One registered nurse Board member was to be certified as an advanced registered nurse practitioner. The Board was to be assigned and pay salary for a full time assistant attorney general.
- 1994:** Licensed practical nurses would be allowed to practice intravenous therapy in an expanded role after attending and passing a standardized I.V. course approved by the Board. With computerized testing for RN's and LPN's, new graduates can only practice nursing for 90 days before taking licensure examination.
- 1995:** Revision of delegation language included listing of factors to be considered during delegation. Procedural fees collected for disciplinary hearings can go into the Board's fee fund at 100 percent.
- 1996:** Revision of registered nurse anesthetist act.
- 1997:** Revised definition of continuing nursing education and expanded types of offerings KSBN will accept for continuing nursing education credit.
- Composition of Board changed adding a registered professional nurse and removing a licensed mental health technician.
- Established an exempt license for nurses and licensed mental health technicians.
- Denial of licensure for individuals with a felony conviction of a crime against a person.
- 1998:** Change in licensed practical nurse intravenous therapy regulations restricts some medications the licensed practical nurse can administer intravenously.
- 1999:** Minor additions to the regulations on delegation of nursing procedures or tasks in the school setting.
- Nurse Practice Act amended to say that when an individual fails to pass the licensure examination within 24 months from graduation, the individual must petition to retake the examination. The Board may require the individual to submit a study plan.
- Nurse Practice Act amended to include in regulation that an applicant for licensure will pass the examination prepared by the national council of state boards of nursing.
- Nurse Practice Act amended by adding a section providing modification for persons with learning disabilities. The licensed mental health technician is included in the requirement for petition and possible study plan if has not passed the examination within 24 months from graduation.

- Clarified language used to define the expanded role; limitations; and restrictions of the Advanced Registered Nurse Practitioner.
- Clarified qualifications of advanced registered nurse practitioners.
- Allowed Advanced Registered Nurse Practitioner to obtain a D.E.A. number and that written protocol is followed when prescribing, administering, or supplying a prescription.
- Stated that functions performed by an Advanced Registered Nurse Practitioner in the expanded role of the nurse anesthetist shall be defined in K.S.A. 65-1158.
- Revoked requirements for advanced registered nurse practitioner programs.
- Defined advanced Nursing Education program, affiliating agency, clinical learning, contractual agreement, preceptor, and satellite program.
- Established requirements needed for each advanced nursing education program for initial accreditation.
- Established requirements needed for each advanced nursing education program for re-accreditation.
- Established faculty and preceptor qualifications for each advanced nursing education program.
- Established curriculum requirements for each advanced nursing education program.
- Established criteria for clinical resources for each advanced nursing education program.
- Described educational facilities for each advanced nursing education program.
- Established that each advanced nursing education program shall have written policies for admission, transfer students, re admission, counseling and guidance, progression criteria, student representation in faculty governance, and graduation.
- The practice of nursing by graduates of approved schools of professional or practical nursing pending the results of the first licensure examination scheduled following such graduation but in no case to exceed 120 days, whichever comes first.
- Required each advanced nursing education program to submit to the State Board of Nursing a plan for disposition of records if the school terminates the advanced registered nursing education program.
- Established requirements for a refresher course for an Advanced Registered Nurse Practitioner.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

2001:

Nurse Practice Act amended

- The fee for a duplicate license may be waived if the license was stolen.
- The maximum of 15 contact hours of independent study in a renewal period was eliminated allowing the nurses to have a total of 30 contact hours that are independent study.
- Language pertaining to the inactive status for the Licensed Mental Health Technician was clarified.
- Clarification was made to the definitions pertaining to Continuing Education for nurses.

2002:

Nurse Practice Act amended

- Any nurse anesthetist whose Kansas ARNP certification has lapsed and who desires to obtain a reinstatement of ARNP certification shall increase the number of years to accumulate 1,000 hours of nurse anesthesia practice in another jurisdiction from two to five years.
- In order for a school of nurse anesthesia to be approved by the Board of Nursing, consideration shall be given to whether the school meets standards II and IV contained in the “standards for accreditation of nurse anesthesia educational programs” of the council on accreditation of nurse anesthesia educational programs published in 1994 and revised 1999.
- Any applicant whose Kansas authorization has lapsed may, within 5 years of its expiration date, reinstate the authorization by submitting proof that the applicant has met the requirements.
- Each hospital and agency providing facilities for clinical experience shall be licensed or approved by the appropriate groups.
- Administration of intravenous fluid therapy means utilization of the nursing process to deliver the therapeutic infusion or injection of substances through the venous system.
- Each person desiring to obtain approval for an intravenous (IV) fluid therapy course shall submit a proposal to the Board.
- The purpose of the intravenous fluid therapy course shall be to prepare licensed practical nurses to perform safely and competently the activities as defined in K.A.R. 60-16-102. The course shall be based on the nursing process and current intravenous nursing standards of practice.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

2003:

Nurse Practice Act amended

- Clarification of terms used in the regulations for schools of nursing by adding the definition for capstone course, approval, conditional approval, community-based health care, criteria for unscheduled survey visit, distance learning, faculty hire exception and loss of approval.
- Organize the regulation for clarification and also add that the name of each hospital and affiliating agency providing facilities for clinical experience shall be licensed and the list submitted with the initial applications.
- Increase the resurvey visit from 5 years to 5-10 years. Resurvey or unannounced site visits and actions the board may make if the school of nursing is found to have deficiencies.
- Require school to have a written plan that includes the method of selection of preceptors, the roles of the faculty members and preceptors and the preceptors during the preceptorship. This change will allow for the school to request a faculty hire exception if faculty meeting the criteria required by the regulation is not available.
- Update curriculum requirements for nursing content to meet incumbent job analysis and licensure examination test plan. To clarify the process in changing curriculum for nursing programs.
- Clarify the requirements for clinical sites and the ratio of faculty to student for clinical experience for the students. Exclude the capstone course from the total percentage of clinical hours that can be used with preceptors.
- Approval of schools of nursing educational facilities was reviewed. Editorial changes only were made, no major change was made.
- Delete several requirements for the annual report. Add that the annual report shall contain the major and minor curriculum changes, student –faculty clinical ratio, pass rate of the NCLEX exam for each of the last 3 years and operating budget.
- Clarify the current regulations and also add that a licensed practical nurse may administer by direct intravenous push corticosteroids.

2005:

Nurse Practice Act amended

- Clarification of the requirement language for the issuance of a temporary permit.
- Clarification of the language for expiration of an application.
- Clarification of the expiration date of a license and the renewal date.
- Clarification that the Advanced Practice Nurse Practitioner certification is renewed as the registered professional nurse license.
- Added reference to K.A.R. 60-3-108 in K.A.R. 60-11-120.
- Delete the reference to K.A.R. 60-3-107 and replace it with K.A.R. 60-3-108 in K.A.R. 60-13-112.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

2005:

Continued

- Add language that would allow a registered nurse who completed the education required to be certified as an advanced registered nurse practitioner and was never certified to be eligible to take a refresher course.
- Add staff to the list of those the registered nurse can teach or counsel and adds a qualifier that an “investigational drug” means a drug under study by the United States food and drug administration.
- Language stating that a registered nurse may delegate the procedure of medication administration in a school setting in accordance with K.A.R. 60-15-104.
- Add the requirement that a copy of the final written competency examination and the final clinical competency examination for an intravenous (IV) fluid therapy course be submitted with their proposal to the board. The number of continuing education hours that must be awarded for this course was decreased from 42 to at least 32 for the LPN that completes the course.
- Decrease the classroom hours from 40 to 30 and require a minimum of 8 hours supervised clinical practice which shall include at least one successful peripheral venous access procedure and the initiation of an intravenous infusion treatment modality on an individual. The only board approved intravenous fluid therapy curriculum shall be the “venous access and intravenous infusion treatment modalities,” 2003 revision, published by the instructional materials laboratory, University of Missouri-Columbia. The final competency examination shall be constructed from the board approved pool of test questions consisting of a minimum of 50 questions.

2007:

Extensive changes in Nurse Practice Act:

- Increase the fee for reinstatement of licenses with and without a temporary permit for Registered Nurses and Licensed Practical Nurse.
- Increase the fee for reinstatement of license with and without a temporary permit for Mental Health Technician.
- Increase the fee for reinstatement of license for Advanced Registered Nurse Practitioner.
- Change accreditation to approval of advanced nursing education program or institution.
- Change reaccreditation to re-approval of advanced nursing education programs or institutions.
- Add that the program may be resurveyed every 5 – 10 years and if program is accredited by a national nursing accreditation agency, the resurvey visit may be made in coordination with the national accreditation agency visit. Programs not accredited by a national nursing accreditation agency will be resurveyed every five years.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD:

2007: Continued

- Change that each nurse faculty member responsible for coordinating clinical instructions shall possess a certification as an advanced registered nurse practitioner in the category for which clinical instruction is provided.
- Change that those completing an advanced registered nurse practitioner program after July 1, 2009 have three college hours in advanced pathophysiology or its equivalent, three hours in advanced health assessment or its equivalent, and the clinical component shall consist of at least 500 hours of clinical learning in each clinical track or the program shall provide documentation of the overlap if any clinical track consists of less than 500 clinical hours. This change also clarifies major and minor curriculum changes.
- Add requirements for student support services for distance learning if distance learning is provided.
- Change that a student enrolling in an advanced registered nurse practitioner program is required to have a current license to practice as a registered professional nurse in the United States or any of its territories.
- Add that each school terminating its program shall submit, for board approval, the school's plan for its currently enrolled students.
- The board will consist of 11 members appointed by the governor of which six shall be registered professional nurses, two shall be licensed practical nurses, and three shall be members of the general public. At least one consumer member shall not have been involved in providing health care.
- Deleted the practice of nursing by graduates of approved schools of professional or practical nursing pending the results of the first licensure examination.
- Each registered professional nurse and licensed practical nurse shall notify the board in writing of a conviction of any felony or misdemeanor, that is specified in rules and regulations adopted by the board, within 30 days from the date the conviction becomes final.
- Each licensed mental health technician shall notify the board in writing of a conviction of any felony or misdemeanor, that is specified in rules and regulations adopted by the board, within 30 days from the date the conviction becomes final.
- The board shall send a notice for renewal of license to every registered professional nurse and licensed practical nurse at least 60 days prior to the expiration date of such person's license.
- The board shall send a notice for renewal of license to all licensed mental health technicians at least 60 days prior to the expiration date of December 31 of even-numbered years.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

2007: Continued

- Except for the first renewal for a license that expires within 30 months following licensure by examination or for renewal of a license that expires within the first nine months following licensure by reinstatement or endorsement, every registered professional nurse and licensed practical nurse with an active nursing license shall submit with the renewal application evidence of satisfactory completion of a program of continuing nursing education required by the board.
- Except for the first renewal for a license that expires within 30 months following licensure examination or for renewal of a license that expires within the first nine months following licensure by reinstatement or endorsement, every mental health technician with an active mental health technology license to shall submit with the renewal application evidence of satisfactory completion of a program of continuing education required by the board.

2008: Nurse Practice Act Amended

- Participation as a member of a nursing organization board of directors or the state board of nursing, including participation as a member of a committee reporting to the board. The maximum number of allowable continuing education contact hours shall be six and shall not exceed three contact hours each year. A letter from an officer of the board confirming the dates of participation shall be accepted as documentation of this type of continuing nursing education; or any college courses in science, psychology, sociology, or statistics that are prerequisites for a nursing degree.
- An incomplete or failed college course or any college course in literature and composition, public speaking, basic math, algebra, humanities, or other general education requirements unless the course meets the definition of CNE; or offerings less than one contact hour in length.
- May require an original applicant for licensure as a professional nurse, practical nurse or mental health technician to be fingerprinted and submit to a state and national criminal history record check.

2009: Nurse Practice Act Amended

- Updated the standards for accreditation or nurse anesthesia educational programs adopted by reference to the January 2006, effective March 1, 2006 publication.
- Changed the approval of the examination for nurse anesthetists to be based on review of the content outline of the examination administered by the council on certification of nurse anesthetists.
- Added the definition of Continuing Education transcript.
- Added the option of a Continuing Education transcript as documentation of completion of continuing education offerings.

HISTORICAL DEVELOPMENT, SCOPE AND FUNCTION OF THE BOARD

2009:

Continued

- Added a new definition for extended program hours, clarifies supplementation of RN services by including assignment to LPNs, adds the role of the LPN in supervision of unlicensed personnel and also adds new activities to the definition of specialized caretaking and redefines school setting.
- Clarifies the RN as the holder of primary responsibility in delegation of tasks for the school nurse to unlicensed persons and addresses the LPN ability to assist the RN in delegating activities as allowed by the RN.
- Deleted the requirement for an initial dose of medication to have been administered prior to delegation by a school nurse and clarified the prohibition against delegating medication via tubes inserted into the body by defining tubes to specifically include feeding tubes not inserted directly into the abdomen.
- Eliminated the requirement that the clinical sites be approved by the board before implementation, the requirement for approval by the Board for regularly scheduled observational experiences before implementation has been removed, and the elimination of the term “professional” from Clinical experiences with preceptors.
- Added “current technological resources” to the nursing school regulations. This will allow for rapid changes in the use of technology in the workplace and in education of nursing students.
- The statutory requirement for having graduated from a high school accredited by the appropriate legal accrediting agency or has obtained the equivalent of a high school education, as determined by the state department of education was removed from K.S.A. 65-1115.

- ❖ **K.A.R. 60-17-104. Faculty and preceptor qualifications.** Changed the title from Advanced Registered Nurse Practitioner (ARNP) to Advance Practice Registered Nurse (APRN), “categories” to “roles” and “certificate of qualification” to “license.”
- ❖ **K.A.R. 60-17-105. Curriculum requirements.** Changed the title from Advanced Registered Nurse Practitioner (ARNP) to Advance Practice Registered Nurse (APRN), “categories” to “roles” and “certificate of qualification” to “license.” Deleted the language as defined by the sponsoring academic institution and defines what academic equivalent is.
- ❖ **K.A.R. 60-17-110. Discontinuing an advance practice registered nurse program.** Changed the title from Advanced Registered Nurse Practitioner (ARNP) to Advance Practice Registered Nurse (APRN).
- ❖ **K.A.R. 60-17-111. Requirements for advanced practice registered nurse refresher course.** Changed the title from Advanced Registered Nurse Practitioner (ARNP) to Advance Practice Registered Nurse (APRN), “categories” to “roles,” and “certificate of qualification” to “license.”
- ❖ **K.A.R. 60-16-102. Scope of practice for licensed practical nurse performing intravenous fluid therapy.** Clarifies that basic fluid can be monitored, the initial dosage of medications or solutions is excluded from the LPN scope of practice, removed restrictive language on maintaining patency to allow any medication or solution allowed by facility policy, and clarifies direct IV push drugs that can be given.
- ❖ **K.A.R. 60-16-103. Course approval procedure.** Added that the curricula shall meet the requirements in K.A.R. 60-16-104(g).
- ❖ **K.A.R. 60-16-104. Standards for course; competency examination; recordkeeping.** Changed the board approved intravenous fluid therapy curriculum from the 2003 version of instructional material from the University of Missouri to portions of the “infusion nursing standards of practice: volume 34, number 1S dated January/February 2011.” Requires each provider to submit documentation of the use of the curriculum by February 1, 2013. Changed the length of time from 60 days to 15 days the provider has to submit a typed roster listing the names and license numbers of each individual who has successfully completed the course.

2013:

Nurse Practice Act Amended

- Changes to regulations:
 - ❖ **K.A.R. 60-9-105. Definitions.** Allows the registered nurse and licensed practical nurse to use 30 minutes to be computed towards a contact hour. This is a decrease from one contact hour being the minimum to 30 minutes.
 - ❖ **K.A.R. 60-9-106. Continuing nursing education for license renewal.** Allows the registered nurse and licensed practical nurse to use 30 minutes to be computed towards a contact hour. This is a decrease from one contact hour being the minimum to 30 minutes.
 - ❖ **K.A.R. 60-9-107. Approval of continuing nursing education.** Added the requirement that providers list APRN, if the course is approved for APRN continuing nursing education. It also allows the registered nurse and licensed practical nurse to use 30 minutes to be computed towards a contact hour.
 - ❖ **K.A.R. 60-12-106. License renewal.** Allows the licensed mental health technician to use 30 minutes to be computed towards a contact hour. This is a decrease from one contact hour being the minimum to 30 minutes.

Bi-level Programs – Associate Degree

In order to be licensed as a practical nurse in Kansas the person must have graduated from an approved program. For the Associate Degree programs that wish to allow their students to “stop out” the Board of Nursing approves the first year of the AD program as a PN program if the first year meets requirements such as the LPN scope of practice. The first year of a bi-level program is reviewed every five (5) years.

**CONTINUING NURSING EDUCATION
FY 2013**

(July 1, 2012 - June 30, 2013)

The Kansas State Board of Nursing (KSBN) recognizes nurses as adult learners with continuing education needs as professionals and licensees and requires 30 contact hours of continuing nursing education for relicensure in accordance with K.S.A. 65-1117. KSBN has established the following options for acquisition of CNE:

- ◆ Kansas State Board Approved Long-Term CNE Providers and Single-Program Providers
- ◆ Individual Offering Approval (IOA)
- ◆ College Course Credit
- ◆ Providers approved by other state boards of nursing or national nursing organizations/associations
- ◆ Participation as a member of a nursing organization board of directors or state board of nursing

I. LONG-TERM CNE PROVIDERS

A. **Definition** - Long-Term Providers are persons, organizations or institutions approved by the Board to implement multiple offerings for CNE credit towards RN, LPN and LMHT relicensure.

B. **Numbers of Long-Term Providers** Please visit the Education Division of our web site for a complete list of providers: <http://www.ksbn.org>

FY 13 – 132

FY 12 – 132

FY 11 – 140

FY 10 – 137

FY 09 – 143

C. **New Providers** – Four (4)

ARJ Infusion Services, Inc.

LifeTeam

Atkins Physical Therapy & Ergonomics, LLC

Wichita Area Technical College

D. **Long-Term Providers Withdrawn or Relinquished** – Four (4)

Home Healthcare Connections, Inc.

Galichia Heart Hospital (merger)

Kansas City Women's Clinic

Shawnee Mission Medical Center

E. **Instructors of Continuing Nursing Education**

KSBN recommends that Long-Term CNE Providers design offerings so that at least 50% of the CNE offerings are presented by nurses. This expectation has been consistently exceeded. Contact hours presented by nurses for FY 2013 was 62%.

F. **CNE Total Interactive Offerings, Participants, and Contact Hours**

FY 2013: 3,969 Offerings – 43,352 participants – 25,518 contact hours.

FY 2012: 4,349 Offerings – 47,845 participants – 30,975 contact hours.

FY 2011: 4,725 Offerings – 51,401 participants – 25,973 contact hours.

FY 2010: 5,168 Offerings – 54,099 participants – 33,463 contact hours.

FY 2009: 6,397 Offerings – 51,461 participants – 34,938 contact hours.

The average participants per offering were 10.9 in FY 2013.

The average contact hours per offering increased from 5.5 in FY12 to 6.4 in FY13.

G. CNE Participants by License Category

	FY2013	FY2012	FY2011	FY2010	FY2009
RN	39,036	43,333	47,243	50,089	47,072
LPN	4,144	4,303	3,760	3,820	4,200
LMHT	172	209	398	190	189
Total	43,352	47,845	51,402	54,099	51,461

These totals show approximately a 5% decrease in FY09, 5% increase in FY 2010, a 5% decrease in FY 2011, a 7% decrease in FY 2012 and a 9.9 decrease in FY 2013.

H. INDEPENDENT STUDY OFFERED BY LONG TERM PROVIDERS

A. **Definition** - Independent study means a self-paced learning activity undertaken by the participant in an unstructured setting under the guidance of and monitored by an approved provider. This term may include self-study programs, distance learning, and authorship.

Independent Study Participants Reported by Long Term Providers

FY 2013	27,357
FY 2012	27,702
FY 2011	8,186
FY 2010	15,972
FY 2009	14,274

II. SINGLE-PROGRAM PROVIDERS

A. **Definition** - Single-Program providers are persons, organizations or institutions approved by the Board for a two-year period to implement a single topic CNE offering.

Single Program Providers are not required to submit an annual report; therefore, accurate data is not available for total contact hours provided by Single Program Providers.

Single-Program Providers approved:

FY2013	36
FY2012	69
FY2011	44
FY2010	35
FY2009	59

III. INDIVIDUAL OFFERING APPROVAL (IOA)

A. **Definition** - Individual Offering Approval is a request by a licensee for approval of an education offering meeting the definition of CNE but not presented by an approved nursing provider.

B. Number of IOA's IOA Contact Hours

FY 2013 – 1,676	2013 – 33,806
FY 2012 – 1,681	2012 – 36,030
FY 2011 – 1,314	2011 – 35,865
FY 2010 – 1,389	2010 – 28,235
FY 2009 – 1,036	2009 – 14,554

The number of IOA’s submitted decreased 0.3% for FY13, and the number of contact hours approved decreased 6.2%.

IV. COLLEGE COURSE CREDIT

Definition - Continuing nursing education credit is granted for college courses successfully completed within the renewal period. Each college credit hour is equivalent to 15 contact hours. College courses must meet the definition of continuing nursing education, i.e. be part of a program leading to a nursing degree or have a demonstrated relationship to the practice of nursing. College courses taken must be submitted on an IOA to verify they meet the definition of continuing nursing education and are in the correct time period.

In FY2007, the Board more specifically defined those college prerequisites that would automatically be accepted for CNE credit – courses in science, psychology, sociology or statistics. They also identified in regulation (K.A.R. 60-9-106) those courses that did not meet the definition CNE: literature and composition, public speaking, basic math, algebra, humanities.

V. PROVIDERS APPROVED BY OTHER STATE BOARDS OF NURSING OR NATIONAL NURSING ORGANIZATIONS/ASSOCIATIONS

In 1997, a statute change allowed the board to accept offerings as approved continuing nursing education if presented by: Colleges that are approved by a state or the National Department of Education, providers approved by other state boards of nursing, the National League for Nursing, the National Federation of Licensed Practical Nurses, the American Nurses Credentialing Center or other such national organizations as listed in rules and regulations adopted by the board. Currently, it is not possible to retrieve contact hours for continuing nursing education offerings attended by Kansas licensees from these accepted providers.

VI. CHANGES IN CONTINUING NURSING EDUCATION FOR RENEWAL

In FY2012, the Board revised K.A.R. 60-11-113 TO REQUIRE Advanced Practice Registered Nurses to obtain all 30 hours of the required CNE in the APRN's role. This CNE could also be used for renewal of the RN license. It also allowed the APRNs to use CNE of 30 minutes or more to add up to the 30 hour renewal requirement instead of the previous minimum CNE of one contact hour (50 minutes). In FY2013, the Board amended KAR 60-9-105, 60-9-106, and 60-9-107 to allow RNs and LPNs to use a course length of 30 minutes or more to add up to the 30 hour renewal requirement instead of the previous minimum CNE of one contact hour (50 minutes).

IV Therapy for LPNs

Report of Activities FY2013

There are currently 23 approved IV Therapy Providers. Three (3) are single program providers and 17 are Long-Term providers. Four (4) of the 23 approved IV providers did not offer classes during FY2013.

CALENDAR YEAR 2013

The Investigative Committee is comprised of three Board members that meet in conjunction with every Board meeting. The committee continues to work with staff to update policies and procedures. The report review by professional staff and committee audit of 5% of reports continues to be carried out. No changes were made by the committee. The new procedure for professional staff decisions in the case process is being used.

Calendar year 2013 saw a total of 2270 cases opened. The Board logged 154 cases without investigation in accordance with the report review by professional staff. The Impaired Provider Program remains contracted to the Kansas Nurses Assistance Program, Inc. The number of participants remains at approximately 232.
